Speaker John Boehner:

I can only tell you that you and Congress all need to pull your heads out of your asses over Immigration Reform.

President after President has signed amnesty bills, and it's NEVER worked.

It's a slap in the face to all those who came into the United States LEGALLY and went through the proper channels and processes to become US Citizens!

We have more than enough crime without importing it, supporting illegal's with HUD, Food Stamps, Medical, etc. all at Taxpayer Dollars Expense.

Yes some have jobs that have payroll taxes deducted, but how many of those still earn thousands of dollars unreported and they never file a tax return?

And how many work illegally, get paid cash and still collect on public assistance?

There are five houses in our housing track that all are Hispanic and all have 3-4 families living in each house, and there are 4-5 escalades parked in their driveways, buy clothing from yard sales, then sell it at yard sales in their yards bringing in even more illegal's and more crime!

I've had to install \$33,000 in security in my home to make sure my family is safe with a fully integrated alarm system, and 26 infrared digital security cameras and 12 motion detection lights! All this when we used to be able to leave our doors unlocked, now when we're home we're prisoners in our own home!

Our laws are not broken, they're just not enforced!

So pull your heads out of your asses, round up the illegals like you used to back in the 80's ship them home, secure our borders with 20 foot high cement walls, man them with armed national guard and border patrol agents and end the night mare!

And if you and your cronies who are for immigration reform can't do this, then please do us all a favor and resign your positions today!

Respectfully,
Jim Davis
