AGENT ORANGE KILLS!

Hopefully I've gotten your attention to this very special request!

If you served any where on foreign soil or in the United States where you handled, or were near, or sprayed with Agent Orange I urge you to please go to the local VA Facility nearest you annually for a full physical and a Cat Scan.

I also urge you to please spread the word to your fellow Veteran to do the same, as well as if you're a member of any of the Veteran Service Organizations such as VFW, American Legion, VVA, etc, to please ask they put this request in their monthly bulletin!

You may or may not already have symptoms of any one of forth plus illnesses and the only way to catch and prevent further harm is by annual physicals and Cat Scans

Thousands of our veterans die every year, many with illnesses caused by Agent Orange, and an alarming number didn't know it was cause by Agent Orange, never filed for benefits, or even knew they could.

In the even you have or are diagnosed with any of the illnesses listed below, or know of a fellow veteran who has or is diagnosed with any of these illnesses, please contact your local Veteran Service Officer immediately and file your claim with the VA.

If you do not have a Service Officer and need one, please contact me and I will locate one in your area for you.

Below I've copied their mission statement, and their web address so that if you qualify, you can go and apply. Or if you'd prefer, please send me an E-Mail and I will send you a brochure with an application.

Veterans helping Veterans is what this is all about. So please take a moment to read this E-Mail and pass along to your friends and family members.

I wish you all a very happy, long, and healthy life, and thank you so much for your service to our Country!

Jim Davis

THE FOLLOWING DISEASES QUALIFY A VETERAN FOR THE SILVER ROSE AWARD
