# **367 Organizations, Associations and Businesses Support Swift Action to Restore Strong, Comprehensive Whistleblower Rights**

February 2, 2010

An Open Letter to President Obama and Members of Congress

The undersigned organizations and corporations write to support the completion of the landmark, nine-year legislative effort to restore credible whistleblower rights for government employees. We offer our support to expeditiously pass legislation that includes the critical reforms listed below. Whistleblower protection is a foundation for any change in which the public can believe. It does not matter whether the issue is economic recovery, prescription drug safety, environmental protection, infrastructure spending, national health insurance, or foreign policy. We need conscientious public servants willing and able to call attention to waste, fraud and abuse on behalf of the taxpayers.

Unfortunately, every month that passes has very tangible consequences for federal government whistleblowers, because none have viable rights. Last year, on average, 16 whistleblowers a month lost initial decisions from administrative hearings at the Merit Systems Protection Board (MSPB). Since 2000, only two out of 54 whistleblowers have received final rulings in their favor from the MSPB. The Federal Circuit Court of Appeals, the only court which can hear federal whistleblower appeals of administrative decisions, has consistently ruled against whistleblowers, with whistleblowers winning only three cases out of 202 since October 1994 when Congress last strengthened the law.

It is crucial that Congress restore and modernize the Whistleblower Protection Act by passing all of the following reforms:

- Grant employees the right to a jury trial in federal court;
- Extend meaningful protections to FBI and intelligence agency whistleblowers;
- Strengthen protections for federal contractors, as strong as those provided to DoD contractors and grantees in last year's defense authorization legislation;
- Extend meaningful protections to Transportation Security Officers (screeners);
- Neutralize the government's use of the "state secrets" privilege;
- Bar the MSPB from ruling for an agency before whistleblowers have the opportunity to present evidence of retaliation;
- Provide whistleblowers the right to be made whole, including compensatory damages;
- Grant comparable due process rights to employees who blow the whistle in the course of a government investigation or who refuse to violate the law; and
- Remove the Federal Circuit's monopoly on precedent-setting cases.

We know you share the commitment of every group signing the letter below to more transparency and accountability in government. Please let us know how we can participate to make this good government reform law to protect federal whistleblowers and taxpayers.

Sincerely,
