TRICARE Meets Health Care Bill's Standards, Gates Says

American Forces Press Service

March 22, 2010

The TRICARE military health plan meets the standards set by the health care reform bill the House of Representatives passed last night, Defense Secretary Robert M. Gates said in a statement issued yesterday.

Calling their health and well-being his highest priority, Gates reassured service members and their families that the legislation won't have a negative effect on TRICARE, which "already meets the bill's quality and minimum benefit standards."

"This was clarified by a vote in the U.S. House of Representatives [March 20], and is expected to be re-affirmed by the Senate," Gates said in the statement.

"The president and I are committed to seeing that our troops, retirees and their families will continue to receive the best quality health care," the secretary said.
