Dear Senators Feinstein and Boxer, Congresswoman Sanchez, and President Obama:

Below is the "Mission Statement" of the Veterans Affairs.

So why is it that you continue to allow the Los Angeles VA Medical Center Director to run wild, do as she pleases, construct a \$1 Million dollar fence around the property to keep homeless Veterans off the property and has hired more VA Police who act as the Gestapo?

Why is she not held accountable for her actions to lease out buildings and land to civilian companies and organizations of the elitist in Brentwood? And no accountability as to where the funds are going?

Why when it's in her budget to refurbish at minimum one of the twelve buildings to house homeless Veterans has this not been done but one building in extremely poor condition can be used to train Veterans the art of silk screening?

Veterans Affairs Mission, Vision, Core Values & Goals

Mission Statement:

To fulfill President Lincoln's promise "To care for him who shall have borne the battle, and for his widow, and his orphan" by serving and honoring the men and women who are America's veterans.

Core Values

Compassion: We will treat all veterans and their families with the utmost dignity and compassion. We will provide services in a caring manner, with a sympathetic consciousness of others' distress together with a desire to alleviate it.

Commitment: Veterans have earned our gratitude and respect. Their health care, benefits, and memorial service needs to drive our actions

Excellence: We strive to exceed the expectations of veterans and their families. We strive to perform at the highest level of competence and take pride in our accomplishments.

Professionalism: Our success depends on maintaining a highly-skilled, diverse, and compassionate workforce. We foster a culture that values equal opportunity, innovation, and accountability.

Integrity: We recognize the importance of accurate information. We practice open, truthful, and timely communication with veterans, employees, and external stakeholders. By carefully listening and responding to their concerns, we seek continuous improvement in our programs and services.

Accountability: We will perform in a manner at all times that makes us accountable, responsible, and answerable to veterans and their families, our leaders and other employees as well as external stakeholders.

Stewardship: We will ensure responsible stewardship of the human, financial, and natural resources as well as data and information entrusted to us. We will improve performance through the use of innovative technologies, evidence-based medical practices, and sound business principles.

Please, don't tell me of your accomplishments, but tell me your intentions now and in the future of our Veterans, and MS BOXER could you for once in nearly seven years address the issue at hand vs. the exact same reply over and over again?

Respectfully,

Jim Davis
