Message sent to the following recipients in regard to Omnibus Spending-07-27-14:

Senator Boxer
Senator Feinstein
Representative Calvert
President Obama

Message text follows:

Dear Congressman Calvert:

We have heard that Congressional Republicans are considering passing a long-term omnibus spending bill in the lame-duck session of Congress. Please don't! If a long-term bill is passed, how will Republicans defund President Obama's executive amnesty early next year? Please make sure that only a short-term continuing resolution is passed.

The Republican power of the purse is the only practical way the president's executive amnesty can be stopped. For this reason, passing a long-term omnibus spending bill would allow this abuse of power and affront to the wishes of the American people to go unchecked.

With Democrats able to filibuster any bill blocking the executive actions and the president vetoing any legislation that makes it to his desk, a spending bill is the only option Republicans have. Passing a long-term bill during the lame duck session is to give up that power.

Please make sure that a short-term continuing resolution is passed. The president's amnesty must be defunded and stopped.

We need to enforce our current laws, no Amnesty, no Reform, and begin rounding up all illegal aliens and DEPORTING THEM.

We need to Photograph, Fingerprint, collect DNA, and ban them from ever re-entering the United States ever again!

NOT taking these actions is a serious slap in the face to all those who have struggled, and gone the correct route to come here. Don't do this to them, or our Country!

Respectfully,

Jim Davis
